Principal's Message

EBSB (Ek Bharat , Shreshtha Bharat) is an initiative to make students realise the unity in the diversity of our country .This provides a platform to all students to come closer to the cultures of various states. It makes children learn and appreciate the value and language of other states. Our students have presented many programmes pertaining to Assamese culture . They have got this opportunity to learn Assamese Language, appreciate the state's culture . This will not only boost their knowledge of the country but also will prove a milestone in their holistic development. I appreciate the team of the members who has strived hard to compile, type , edit and shape a final touch to this news letter.

Best wishes to all.

Editor's Messages

The evils of language and culture chauvinism start to dismantle soon when one comes across with other cultures and languages. The initiative of EBSB helps a lot to understand and appreciate the values and cultures of other states. Through this, students get to know the differences ,yet realize the oneness of being Indian. Children realize the diversities and at the same time , they appreciate how this diversity has kept us integrated . Various performance of Assamese dance , talk show, introduction to geographical importance of the state and cultural paraphernalia, 100 sentences of Assamese language are some of the programmes which have given children adequate opportunity to understand the state closely. I am thankful to our Principal Sri R.S. Dhankariya for his unmatched guidance. I am equally indebted to all the members of the editorial team and CCA department who have left no stone unturned to conduct the activities and contribute making this newsletter informative and attractive to such extent .
